

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

April 17, 2002 LB 1303

asked me if I had any objection to amending it to LB 1303, and I told her I certainly did not have any objection to that. So, I...I think it's...I think it's in a form that it's...it'll be a improvement to the law in this area. And if...if you'll remember, the motivation for this arises out of a terrible accident that happened in Senator Robak's district where a car was potentially propelled by nitrous oxide, on a...on a highway, and there was a terrific crash, and there was at least one death involved, as I recall. So I think it's a good proposal. I would encourage the body to support Senator Robak's amendment. Thank you.

SENATOR CUDABACK: Thank you, Senator Bromm. There are no further lights on, Senator Robak. Did you wish to close on your amendment? Senator Robak waives the opportunity to close. The question for the body is adoption of AM3522, by Senator Robak, to LB 1303. All in favor of that amendment vote aye, opposed nay. We're voting on AM3522, offered by Senator Robak to LB 1303. Have you all voted who care to? Record, please, Mr. Clerk.

CLERK: 29 ayes, 0 nays, Mr. President, on the adoption of Senator Robak's amendment.

SENATOR CUDABACK: The Robak amendment, AM3522, was adopted.

CLERK: Mr. President, Senator Coordsen would move to amend, AM3561. (Legislative Journal page 1458.)

SENATOR CUDABACK: Senator Coordsen, to open on AM3561 to LB 1303.

SENATOR COORDSEN: Thank you, Mr. President, members of the body. I wanted to use this opportunity to establish a little dialogue, for the record, with Senator Bromm, if he would respond, please?

SENATOR CUDABACK: Senator Bromm, would you respond from Senator Coordsen's question?

SENATOR BROMM: Yes.
